

IATA Special Industry Notif December 18th, 2023

CHANGE OF LOCATION CODE (KIV) CHISINAU INTERNATIONAL AIRPORT

Dear All,

This special notification is to notify that a poll was circulated on the 7th of November, 2023 to change the currently assigned location code (KIV) - CHISINAU INTERNATIONAL AIRPORT - for location code (RMO), in line with Paragraph 9.1 of IATA Resolution 763.

The result of the poll of airlines operating air transport services at this airport was:

3 airlines in favor;

1 airline against;

As per the provisions of IATA Resolution 763, a simple majority of those airlines responding to the poll (with non-responses and abstentions not counting in the poll) is required to proceed with the change.

The airport authorities of Chisinau International Airport (KIV) have previously confirmed their support for the proposal.

With the above majority in favor of the proposal, IATA confirms that the change has been accepted and will become effective on the 18th of January, 2024, according to Resolution 763, Section 4, paragraph 4.3.2 "establish an implementation date for a change of location identifier that normally shall not be less than thirty (30) days from the date of the notice to be issued by A4A and IATA".

Best Regards,

A handwritten signature in blue ink, appearing to read "Carmen", with a stylized flourish extending from the end.
