

# LIDO CREW BRIEFING UPDATE

New Briefing Package printing system

Rev. 0 May 2025

# LCB Update

Starting from June 5, a new version of LCB, Lido Crew Briefing, will be available updating the previous version.

This new version significantly modifies the layout of LIDO, while all current functions and operations remain unchanged.

Therefore:

- The flight plan must be printed no earlier than 2 hours before the scheduled flight time.
- A complete printout of the Flight Plan (using the setup present in the System).
- 2 complete copies of the OFP. As you know, one of these two copies must be marked with the words "Ground Copy" and is used by the captain to enter the fuel request and sign in the appropriate box. This copy is part of the Trip File.
- For stations that apply the JIT procedure, the fuel request does not refer to Block Fuel!!!
- The Trip File, as reported in HLM – chapter 4, can also be archived in digital format and kept for a minimum of 6 months.

The changes made to the new version of LIDO mainly concern the layout.

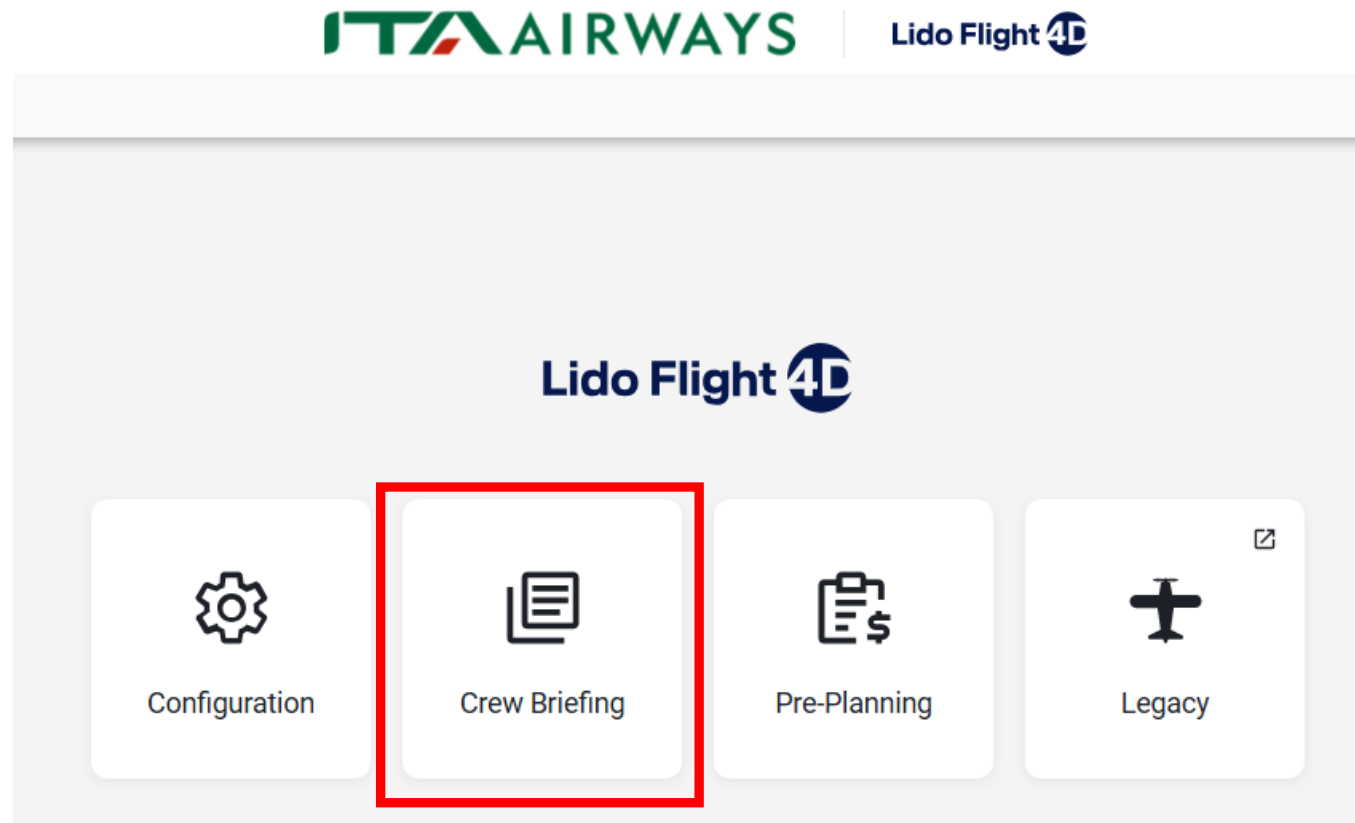

# LCB Update

Below are a series of screenshots illustrating the most important changes.

After entering the credentials in the link <https://ity.lido.aero/>, the system will take you to the link » <https://ity.lido.aero/lido/lsc/application-center-ui/startCenter> ".

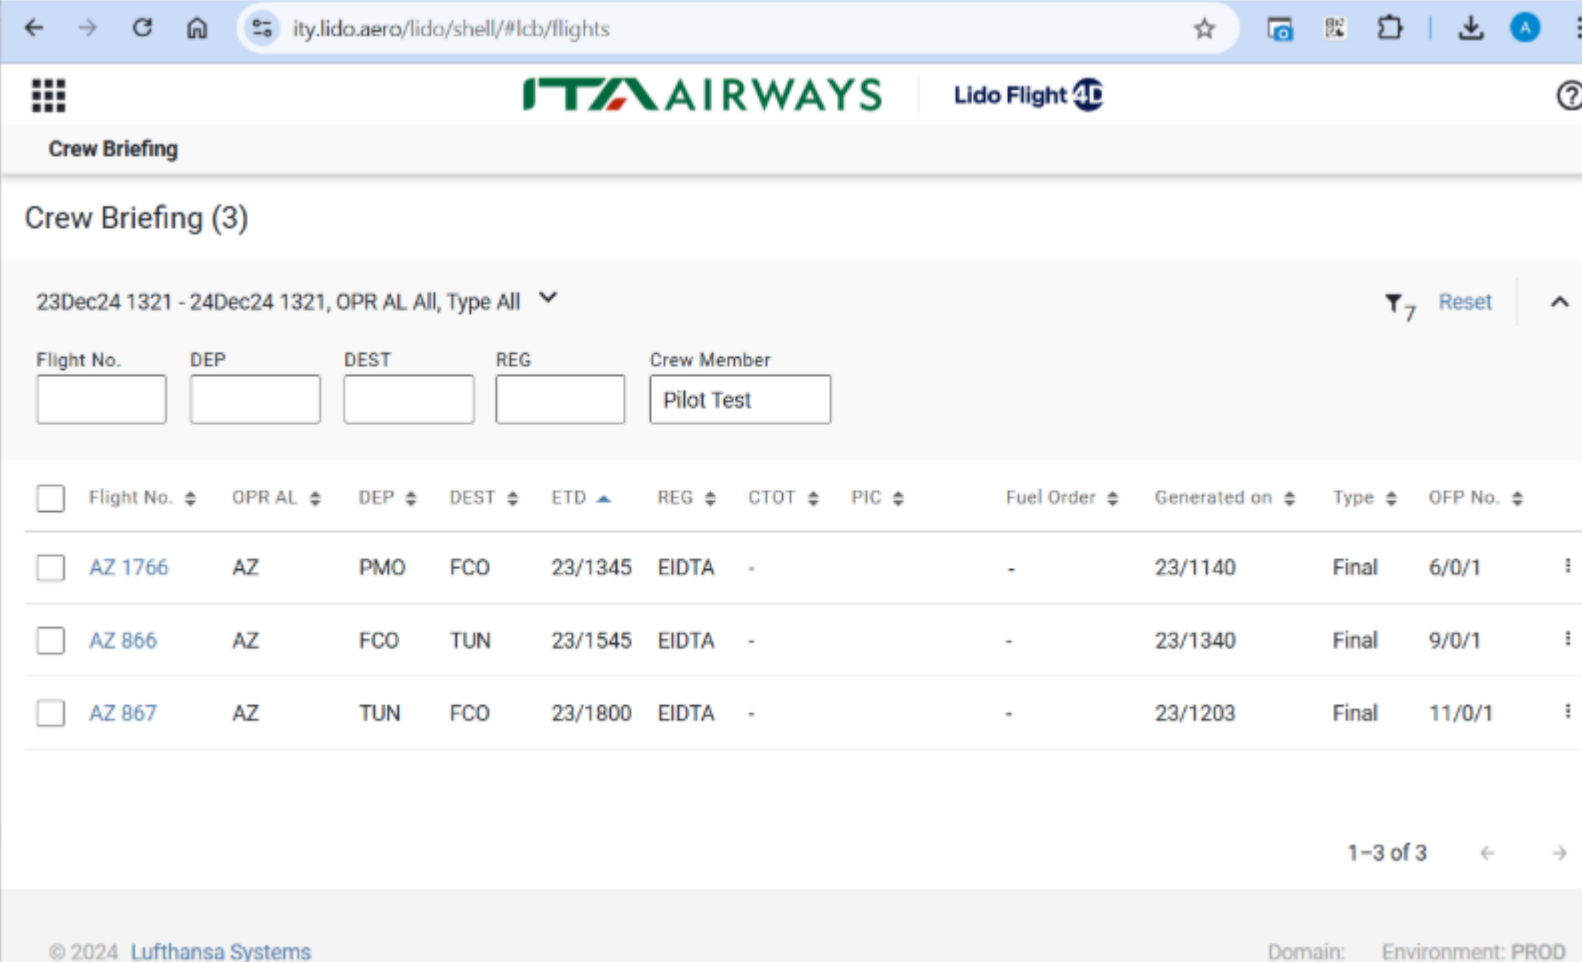

See below the Home Page.

Only the "Crew Briefing" option is active.

# LCB Update

The system highlights the scheduled flights for the day and only those related to the home station. It also possible to perform a specific sear by filling the required fields: Flight No, DEO, DEST, REG.

The screenshot displays the ITA Airways Lido Flight 4D web application. The browser address bar shows the URL `ity.lido.aero/lido/shell/#lcb/flights`. The page title is "Crew Briefing". Below the title, there is a section "Crew Briefing (3)" with a date range filter "23Dec24 1321 - 24Dec24 1321, OPR AL All, Type All" and a "Reset" button. Below the filter, there are input fields for "Flight No.", "DEP", "DEST", "REG", and a "Crew Member" dropdown menu with "Pilot Test" selected. Below the input fields, there is a table with the following columns: Flight No., OPR AL, DEP, DEST, ETD, REG, CTOT, PIC, Fuel Order, Generated on, Type, and OFF No. The table contains three rows of flight data. At the bottom right of the table, there is a pagination control showing "1-3 of 3". At the bottom left of the page, there is a copyright notice "© 2024 Lufthansa Systems". At the bottom right of the page, there is a footer with the ITA Airways logo and the text "Domain: Environment: PROD".

<input type="checkbox"/>	Flight No.	OPR AL	DEP	DEST	ETD	REG	CTOT	PIC	Fuel Order	Generated on	Type	OFF No.
<input type="checkbox"/>	AZ 1766	AZ	PMO	FCO	23/1345	EIDTA	-	-	-	23/1140	Final	6/0/1
<input type="checkbox"/>	AZ 866	AZ	FCO	TUN	23/1545	EIDTA	-	-	-	23/1340	Final	9/0/1
<input type="checkbox"/>	AZ 867	AZ	TUN	FCO	23/1800	EIDTA	-	-	-	23/1203	Final	11/0/1

# LCB Update

Clicking on the “Quick Details” button on the left allows you to access additional information and quick links.

The screenshot displays the LCB Update interface. At the top, flight information is shown: **AZ400** FCO STD: 30/0645 → FRA STA: 30/0850 | OFP: 9/0/1 | BRF PKG: Confirmed by Crew.

On the left, a sidebar contains a 'Briefing...' button with a document icon. Below it, a button labeled 'Additional Details' is highlighted with a red rectangle. To the right of this button, the text 'd by: AZ | CTOT: 0655 | BRF PKG Type: Final' is visible.

On the right side, a 'Quick View' panel is open, featuring a close button (X). The panel has tabs for 'LINKS', 'VERTICAL PROFILE', and 'DISPATCHI'. The 'LINKS' tab is active, showing a section titled 'External Links' with one entry: '1 OPERATIONAL BLACKBOARD' with an external link icon. Below this, the 'VERTICAL PROFILE' section is collapsed. The 'DISPATCHER DETAILS' section is expanded, showing 'Name: A O.S.' and 'Phone No.: +390665627242'. At the bottom, the 'REMARKS' section is also collapsed.

# LCB Update

Before printing the BP, check: Aircraft registration, Crew composition, Aircraft Defects,

Click "Print icon" to visualize the document and print.
