1 ASR Product Overview

ITA Airways offers a variety of advance seat reservation and seat selection products, giving passengers the possibility to reserve their preferred seat in Economy Class, Premium Economy or in Business Class. The seat reservation/selection can be chargeable or included in a fare.

Certain products described in this document are subject to special regulations and/or certain availability rules.

1.1 Conditions & Availability

- The passenger “legally” reserves a specific seat category (e.g., Classic seat, Preferred Seat, etc.) and not a dedicated seat row/number. If the service is not requested by the passengers, the seat will be assigned free of charge by the Company based on availability and operational and safety criteria.
- Passengers holding a valid ticket for an ITA operated flights in any compartment are eligible to purchase an ASR.

Some seats may be in an emergency exit row for which special terms and conditions (eligibility rules) apply.

2 Pricing Concept

The pricing logic for Ancillary ASR products is designed to reflect the passenger’s journey. Depending on the Ancillary ASR product, the pricing logic follows different rules. The details of each product are illustrated in the following chapters.

Zone Concept & Price Group Overview

- **Six different price groups** starting with domestic travel and ending at long intercontinental journeys.
- **All countries worldwide** are covered by this concept.
- The **furthest checkpoint** of a journey defines which price group needs to be applied.

Zone 1	Zone 2	Zone 3	Zone 4	Zone 5	Zone 6
Domestic	Short International	Medium International	Short Intercontinental	Medium Intercontinental	Long Intercontinental
All flights within Italy	Europe	Cairo	Riyad	Miami	Los Angeles

4.1 Travelling with minors

For adults travelling with children under 12 years of age within the same booking, the assignment of seats close to the minor is guaranteed for at least one of the two parents or the accompanying person. Seat assignments are possible when purchasing the ticket through the Customer Information Assistance Office; for purchases made in travel agencies or on the web, the assignment can be made:

- ✓ in the *Manage Flight* section
- ✓ during web check-in
- ✓ by contacting our Customer Information Assistance Office

Adults travelling with children between the ages of 2 and 12 within the same booking can select certain seat types free of charge:

- Economy: Back Seat
- Premium Economy: Classic Seat and Duo Seat
- Business: Classic Seat and Duo Seat

Adults travelling with infants (under 2 years old) can select certain seat types free of charge:

- Economy: Back Seat and Classic Seat
- Premium Economy: Classic Seat and Duo Seat
- Business: Classic Seat and Duo Seat

In the event that it is not possible to assign seats adjacent to the minor to at least one parent/companion online, it will be possible to call the Customer Information Assistance Office. Alternatively, passengers can go directly to the check-in desks at the airport to receive assistance in assigning seats next to each other.

While ensuring adjacent seating for minors and their parents or companions is a priority, passengers have the option to purchase specific seats if they desire greater comfort during their flight.

4.2 Passengers with disabilities

Passengers with physical, cognitive, and sensory disabilities, along with their companion (only 1), can preselect seats at no additional cost by contacting the Special Assistance number provided above or at the airport (subject to availability). The companion's seat will be adjacent to the passenger with a disability.

4.3 Passengers with CBBG or EXST

Passengers travelling with **CBBG** (Cabin Baggage) or **EXST** (Extra Seat) are *not eligible* for complimentary seat selection.

ITA Ancillary ASR Products

In case of **voluntary seat selection**, the **applicable seat fees** will be charged based on the fare brand and zone.

4.4 Requirements for emergency exit seats

To occupy seats located at emergency exits, passengers must:

- Be at least 16 years old.
- Be capable of assisting in an evacuation if necessary.
- Not taking medications affecting mobility or alertness.
- Understand safety instructions in Italian or English.

Not eligible:

- Passengers with reduced mobility.
- Passengers with visual or hearing impairments.
- Passengers with children/minors.
- Pregnant passengers or those severely overweight.
- Passengers with animals in the cabin or baggage on a seat (CBBG).

7 Changes & Refunds

Principles – AZ (ITA Airways):

- In case of rerouting and/or rebooking on AZ-operated flights, the ASR EMD must always be reissued. Additional collection may apply.
- In case of rebooking/rerouting to a carrier other than AZ, the paid ASR is forfeited and non-refundable.
- In case of change (if permitted by fare rules):
 - o To the same or a lower seat category on the same route and AZ flight: re-association of the existing EMD is permitted.
 - o To a higher seat category: EMD reissue is required. The original EMD is marked as “exchanged” and the new EMD absorbs the value of the old EMD plus any additional collection.
- Refunds follow ticket fare conditions and apply provided the ASR EMD is issued for an AZ-operated flight and the ticket conditions are accessible.

7.1 Voluntary changes & refunds

Refund without ETKT refund (standalone)	No refund
Refund with ETKT refund	Refundable: The ASR refund conditions are according to the fare conditions of the original ticket. In case the ticket is refundable against fee, the fee is only to be deducted from the ticket value and the ASR EMD is refunded in full. In cases of voluntary partial ticket refunds, a refund for an Ancillary Service (ASR) will only be granted if it is directly associated with the refundable portion of the ticket. An ASR linked to a non-refundable segment is not eligible for refund.

Exceptions on the voluntary changes & refunds policy:

- PETC: in case a passenger has purchased an ASR and subsequently wants to book a PETC, but the originally booked seat isn't suitable for PETC, we allow the refund of the original ASR so that the passenger can book a suitable seat for the PETC.

7.2 Involuntary changes & refunds

If the customer is involuntarily resealed (e.g., reseating before or at check-in, reseating due to equipment change) to a lower seat category or loses the purchased ASR involuntarily (loses the leading seat characteristic*), he is entitled for a full refund of the paid ASR.

In case of VOL change followed by INVOL change: full refund of the originally paid ASR is possible.

In case of INVOL change followed by VOL change:

- to the original seat category: no refund
 - to a higher seat category: refund of original seat possible, higher category needs to be paid
 - to a lower seat category: refund possible

* In case of Classic Seat in Economy or Premium Economy, the leading characteristic is window, middle or aisle. For all other seat types, the leading seat characteristic is the seat category.

7.3 Grace Period

We grant a grace period within which the ASR can be refunded via the service center, provided that the refund is requested by 23:59 on the next calendar day (local time of POS) after the ASR EMD is issued and at least 5 days before departure of the respective flight. The grace period applies to purchases made during the booking flow (together with the flight ticket) and post-booking (e.g. via Manage My Booking).

In case the ASR refund is requested together with the refund of the ticket during the grace period of the ticket, the 5-day deadline does not apply.

8 Service deadline control for EMD issuance

EMD issuance is required at the latest 2 hours after ETKT issuance, otherwise seat reservation is cancelled.
