

Immigration Bulletin – 07/2026

The purpose of this immigration bulletin is to provide a monthly snapshot of significant regulatory updates with respect to entry requirements and common errors recorded while performing document verification during our operations. It aims at promoting awareness, minimizing the risk of future operational issues at airports, and reducing fines and costs associated to possible mistakes. For any queries please contact: centraleoperativasicurezza@ita-airways.com and aviationsecurity@ita-airways.com

DESTINATION USA – Destination Address

Following several notifications received from U.S. authorities (with a potential impact in terms of carrier liability and high penalties), we would like to remind you once again the importance of completing the **Destination Address** in the **Altea CM** with the correct information which must reflect the passenger's **actual first address in the U.S.** (where the passenger will be reachable after arrival) and must be entered in a **complete and verifiable** format.

Collect and record **street name, city, state, and ZIP code**. If the passenger is going to a private residence, ensure the address includes a **Street name and number**. If the passenger is going to a hotel, record the **full hotel address** (not only the hotel name). Entries such as **Street Info without a number, fake/placeholder addresses** (e.g., "YYYY"), or **only the hotel name** are **not acceptable**.

Most common mistakes (and how to avoid them):
