

ALTE FM: NEW SPECIAL LOAD CODE

Good morning.

we would like to inform you that DCS Dept. has added another Special Handling Code in ALTEA FM: **VUN**

VUN = Vulnerable Cargo

This code provides information of Special Loads carried on a flight in the following documents:

- LIR, NOTOC, CPM, LDM,

When you used the above code, ALTEA FM system requires to enter the following information:

- Weight
- Airwaybill Number
- Net Quantity
- IMP Code

Feel free to contact us in case you need further clarification.

with kind regards,

Vittorio Di Maio
Ground Operations
