

Topic: ITA PIL FOR PURSER and ACARS FOR LDS

Dear All,

Upon arrival please ask to Purser, do they need PIL ? .! Because some Purser can use their TABLET and they do not need a PIL. But the older Purser do not use TABLET properly, therefore they are requesting PIL. if yes, inform to gate agent to print out and send it with the last bus to the Aircraft, if not please inform gate agent to not print out.

Secondly, always ask to Captain, is it ACARS working ? if not , inform Loadcontrol/Backoffice and gate to print out the LOADSHEET from gate and send with the last bus!

Thanks for your cooperation!
