Topic: Update on Syrian Passengers traveling to Lebanon

Based on the latest information received from the Lebanese authorities, we would like to provide an updated announcement regarding the travel of Syrian nationals to Lebanon.

The requirement for Syrian nationals traveling to Lebanon to have an entry stamp from European countries, as stated in our previous announcement, is no longer applicable.

Accordingly, there is no need to check for an entry stamp from European countries, and Syrian nationals without a European entry stamp can be accepted on our Lebanon (BEY) flights.

Thank you for your support and cooperation.
