FEATURES

THE MILANO CORTINA 2026 OLYMPIC/PARALYMPIC IDENTITY AND ACCREDITATION CARD (OIAC/PIAC) SECURITY FEATURES

The Olympic Identity and Accreditation Card (OIAC) and the Paralympic Identity and Accreditation Card (PIAC) will act as a multiple-entry Schengen visa for the duration of the Games. Eligible participants will be issued an Olympic Identity and Accreditation Card (OIAC) and/or a Paralympic Identity and Accreditation Card (PIAC) in the form of a Pre-Valid Card (PVC) before departure.

Pre-Valid Card (PVC)

The PVC, when accompanied by a valid travel identity document, will function as a visa and must be presented at immigration to gain entry into the host country. The PVC is valid to enter countries in the European Union (EU) and will be checked at all EU external borders.

To be eligible to receive a Pre-Valid Card that will function as a multiple entry visa, Responsible Organisations (ROs) are required to complete accreditation applications by the established accreditation deadline.

The OIAC/PIAC is produced with very high standard materials and security features that prevents the attempting of falsification and allows it to be used as an security document.

For the **Olympic Winter Games**, the OIAC, acting as a visa, will be valid from **6 January to 22 March 2026**.

For the **Paralympic Winter Games**, the PIAC, acting as a visa, will be valid from **6 February to 15 April 2026**.
