

# Lease-in briefing

Summer 2024

Ground Handling Partners Edition

Revision 09 | 26 APR 2024

# Information lease-in 2024

To fulfill our booking capacity for Summer 24, we have leased in several different aircraft from 3<sup>rd</sup> parties.

We have been busy obtaining and reviewing documentation of all the lease-in carriers. We have established the main handling differences between the 3<sup>rd</sup> party carrier and TUI Airlines and created an overview document. We feel confident that this list will help you in your daily operations with the different carriers.

This list is not complete, nor perfect but can only be used as a 'quick reference' tool, therefore please observe the following guidelines:

- The aircraft's operator AOC (Air Operators Certificate) is always binding.
- The AOC's Ground Operations Manual (GOM) is always binding for that particular operation; regardless of the flight number used.

We have tried to get the carriers approval to accept the TUI Airline GOM standards. In many cases that is acceptable, in some cases not.

The full documentation of all the lease in carriers is available on the TUI Airline Ground Operations Portal – Documents – 07. Lease-in Carrier S24 (ECP).

**Note:** please be advised that only lease-in carriers will be mentioned on this Briefing if they are operating for a **period longer than 7 days**.

This list be will controlled via a Revision number. An e-mail will be sent to alert you on the new version.

Any questions on this should be addressed to [gomsupport@tuifly.com](mailto:gomsupport@tuifly.com)

# TUI Ground Safety Reporting

This slide provides extra information regarding the TUI Ground Safety reporting procedure for lease-in carriers.

Reports are to be filed in IQSMS according to the instructions available on the TAGO Portal homepage:

- Refer to the TUI flight number to identify which reporting link to use:
  - TUI fly Belgium JAF / TB
  - TUI fly the Netherlands TFL / OR
  - TUI Airways TOM / BY
  - TUIfly Nordic BLX / 6B
  - TUIfly Germany TUI / X3
- On the report itself, in the “Aircraft registration” field, select “WETLEASE - \*Airline name\*”

# Record of revisions incorporated

The following table can be used to record the revisions to the lease-in briefing for ground handling partners.

Amendments will be colored **red** in this document.

Revision number	Date	Changelog
Version 01	23 FEB 2024	New carrier: Enter Air (JAF)
Version 02	01 MAR 2024	New carrier: Fly 4 (JAF)
Version 03	05 MAR 2024	Updated information: Enter Air (JAF), Fly4 (JAF)
Version 04	22 MAR 2024	Updated Information: Enter Air (TOM) New Carrier: Smartlynx (JAF)
Version 05	29 MAR 2024	Removal of Fly 4 (JAF) New carrier: Sunwing (TFL)
Version 06	05 APR 2024	Updated information: Sunwing (TFL)
Version 07	12 APR 2024	New Carrier: Avion Express (TOM / BLX) Ascend (TOM), Fly4 (TOM), Go2Sky (TOM)
Version 08	19 APR 2024	New Carrier: Air Explore (TOM), Titan (TOM). Updated info: Ascend (TOM), Avion Express (BLX/TOM), Fly 4 (TOM), Smartlynx (JAF), Sunwing (TFL), Go2Sky (TOM). Removal of Enter Air (JAF).
Version 09	26 APR 2024	New Carrier: Leav Aviation (JAF) Updated info: Ascend (TOM), Avion Express (BLX / TOM), Fly4 (TOM), Go2Sky (TOM)
