<b>Subject:</b>	<b>Hold Baggage Security</b>

Dear all,

According to **ISM SEC 3.6.1** “ The Operator shall have a process to ensure originating hold baggage, including courier baggage, is:

- i. Subjected to screening capable of detecting explosives and explosive devices prior to being loaded into an aircraft for an international passenger flight;
- ii. Protected from unauthorized interference from the moment of acceptance until loaded onto the aircraft. ”

**In this context we would like to remind you that ;**

- Please do not leave hold luggage unattended in the ramp area.
- Please be sure that all luggage has been labelled by check-in system.
- Please be sure that all hold luggage have to be monitored by you until the end of loading to Aircraft
- Please be sure that all luggage tag numbers and information are matched with Baggage Manifest.

This is very important subject and monitoring will be performed randomly to your station by us.

Please share this information with all relevant departments and take action.

Kind Regards

Aviation Security Department
