Recent Incident Topics:					
Recurring Topics: <ul style="list-style-type: none">• Check DCKI• Collect HBAGs on all flights. Collect HBAGs free of charge for those without the SSR HBAG. HBAGs <i>cannot</i> be sold at the check-in.• WCH* - Ensure correct SSRs are assigned to passengers. Always ask if passengers are able to ascend the aircraft stairs on their own (WCHR) or if they require assistance up the stairs (WCHS). Describe the complete procedure e.g. <i>they must descend stairs to board a bus on their own and ascend the stairs at the aircraft.</i>• WCMP - Use baggage attribute WCMP.• If a passenger arrives with an electric wheelchair, use EMA Tag, print tag with attribute ELEC, follow DGR procedures, and inform the Back Office. Send back office the weight and inform them about the battery (type, going into cabin or hold).• Car seats on board (Child Restraining Devices) – Passengers must have preapproved printed permission directly from TUI. SSR INCS must be included/added at the check-in. (See R&S "Accepting Car Seats Onboard")• Small Items – Max 6kg. Items like beach umbrellas, body boards, and other items that cannot be taken as hand luggage yet are also not considered additional baggage.• Always ask about the passenger's final destination.
