Topic: Information on Travel Regulations to Saudi Arabia with Refugee Passports and E-Visas

Dear Partners,

In line with the information received from the Saudi Arabian authorities, **holders of Refugee Travel Documents are not accepted to enter Saudi Arabia with any type of e-visa.**

In this context, **regardless of the e-visa category** (e.g., Umrah e-visa, Family Visit e-visa, Business e-visa, Tourist e-visa, or e-visas bearing the wording "Saudi Arabia Mission", etc.), **passengers holding a refugee passport are not allowed to travel to Saudi Arabia.**

We kindly request that you pay utmost attention and diligence to this matter and ensure strict compliance during the passenger acceptance process.

If the Refugee Passport has a sticker/consulate visa in passport, please contact first the Visa team.

In Short, All type of E-Visas are not acceptable anymore to Saudi Arabia for Refugee Passports, even UMRAH visa they will not accept anymore!

Please be careful!

Regards,

Aquil
