## **Topic: Pegasus Baggage Gauge For The Lufthansa Gate (D13-D20)**

Dear All

We have received a new baggage gauge from Pegasus Airlines, which we are using at the Lufthansa gates (D13-D20), so the cabin baggage of the passengers can be measured properly – both bigger (8 kg) and smaller (3 kg) items.

Please kindly use the seizer, and measure all handbags.

Thank you for your cooperation!

Norbert
