

Non – Schengen Gates – INOP DOORS

Dear All,

You all know the Non – Schengen gates.
It has happened quite often that passengers go from one preboarding area to another while they are already preboarded.

In case this happens, the alarm goes off.

Before starting preboarding, **always check that all doors are closed and alarms are off.**

In case a door is broken, please call **069 690 55555.**

Thank you!

Laura
