### Topic: AirBaltic New Handluggage Policy

Dear Colleagues,

Please be kindly advised, in June 2025, Airlines for Europe (A4E) made the decision to standardize personal item dimensions across member airlines. The new standard defines the maximum size of a personal item as **40 x 30 x 15 cm**.

Currently, airBaltic allows 40 x 30 x 10 cm, however the new standard has been approved by airBaltic and will be implemented as of **30 August 2025**.

Thank you!  
Elena
