Topic: Reminder accepting A PETC

Dear team,

Just a friendly reminder to double check a few things when accepting a PETC..

1. Is the SSR payment confirmed?
2. Does the passenger have all the necessary documents for the PETC (vaccination)?
3. Is the passenger carrying the correct PETC bag for the cabin?

The PETC should be in a bag that zips up securely. Please never accept bags that are regular cabin bags. If you are not sure then ask for help, don't hesitate to ask your Team Leader for clarification.

It should always look like for example like this.

Please feel free to ask those things. Makes the life and the operation easier.

Thanks!

Regards,

Aquil
