

DHS NEWSPAPER

WEEKLY 3 / JAN

RAMP:

Flight was done. TRC upstairs to close. Loader came to inform TRC that the Hydraulic Fuel Pit has a issue and fuel is still leaking out of the Pit.

INAD:

Two passengers on flight PC1020 were accepted with visas not yet valid (start date 03.03.2026). Both check-in and gate agents had reviewed the documents, but the year was inadvertently overlooked.
