

DHS NEWSPAPER

WEEKLY 28

Empty Hold Check:

After offloading is finished, it is your responsibility to check that everything is offloaded.

Make sure that everything is offloaded.

Focus on H5. It is often forgotten.

Security Search is something else and must be done for all non-Schengen flights besides WY.

If you are not trained for it, get a trained colleague to your position!

Nets closed?

Make sure that the ground handler closes all nets before closing the holds.

It is also your responsibility.

Loading according to the LIRF:

Make sure that the loaders are loading according to the LIRF.

It is also your responsibility.

Final Load sheet check:

For the final load sheet check, you must go in the cockpit (besides WY). You must do that as soon as its possible.

In case the bridge is full, still go!! You can pass by the passengers.

STATION: FRA OPS

Writing your hours:

Please do not forget to write your hours.:)

No hours written = no money.

Black pants:

No matter which airline you are working on, you must wear your work pants our currently, until the new pants arrive, black pants.

Use of Company Property:

You are using company property during your work. Make sure you use it carefully.

Headsets are never hanging on the aircraft and never in the rain or snow!

SEE SOMETHING, SAY SOMETHING!
