

## Topic: Check-in Update for Transfer Passenger

Dear Partners,

When the CHECK-IN UPDATE button is used for transfer passengers, clicking the BACK button on the second flight screen causes the passenger to be automatically offloaded by the system. Please do not use the BACK button.

This issue is planned to be resolved as soon as possible.

Pax Seat Change Select	Pax Name Surname	**Pax Package Type	Old Seat Name	New Seat Name	**Seat Price Diff
<input type="checkbox"/>	TEST PASSENGER	**No Bundle For Seat	4C	0	0

**\*\*Total Seat Change Fare : 0 TRY**  
**\*\*Total Seat Change And Xbag Fare : 0 TRY**

Regards,

Aquil
