Topic: LFI Reminder OPS E-Mails

Dear all,

Please always make sure when you start your shift to check always the E-Mails on Round cube, it can be important for your aircraft. For example, if there is a INOP E-Mail regarding Holds or anything, then you are well informed, please always reply on the E-mails that we noted the information.

Best solution is put the message on AVBIS, so everyone can see it.

Thanks!

Regards,

Aquil
