Topic: Pegasus Carry-On Policy

Dear All

On Pegasus every passenger (except of infants) is entitled to carry a small 3 kgs item. In addition to this small item those who purchased the big handluggage can carry an additional piece up to 8 kgs.

However, I would like to highlight, should a customer be entitled to both 3 and 8 kgs items, these **CANNOT** be combined into one item. These customers can carry 2 bags, none of which may exceed the respective limit. So, 1 item with 11-12 kgs is not acceptable.

Thank you for your cooperation!

Norbert
