

Topic: WCH* PAX limit on Pegasus flights

Dear all,

A new R&S has been issued regarding the WCH* PAX limit on Pegasus flights. The limit has been until now 10 (8+2). Effective immediately we may not accept more than 8 WCH* onboard. For any additional requests (beyond 8) during acceptance, a request must be sent for approval. The details of how this will be approved are still pending.

For any questions regarding this new procedure, please do not hesitate to reach out

Thank you
