

WEEKLY 27

STATION: FRA

LIMITED RELEASE ON PEGASUS

It is very important to register in the Pegasus DCS if a baggage is already damaged when the passenger checks it in, or if it is not a normal suitcase – such as backpacks, baby strollers, boxes, etc.

Many passengers take advantage of this and apply for compensation when they arrive in SAW or at their final destination, even though the baggage was already damaged or was not properly packed.

Please kindly inspect the bags before you issue the tags, and register the LRT accordingly:

Gender	Has Infant Baggage	Seat	Allowable Bag Wt	Actual Bag Pcs	Actual Bag Kg	XBag	Cancel In	OT/Bag/LRT	Trs Bag Pcs	Trs Bag Wt	Jump Seat	Sms Send	Mail Send	Whatsapp Send	Handycopy Print	No BP

3.08Bag/LRT	ROTT	NA	**Received Damaged	<input type="checkbox"/>

BOARDING INTO THE BRIDGE ON TUI

On TUIfly the first passenger should enter the aircraft at STD-25 latest. To save some time please start boarding the passengers into the bridge around STD-30 so as soon as the crew is ready the first passenger can enter the aircraft right away.

Attention: Before filling the bridge make sure that the crew is on board.

SITA MONITORS

Please don't show your monitor to the passengers. The DCS interface and any information displayed on the monitor are meant for us, and not to be shown to the passengers.

SAFETY

**SEE SOMETHING,
