

Topic: HISKY LOADSHEET PROCEDURE

Dear All,

On the Hisky flights, after checkin closure, -45min STD

You must send the **LOADSHEET EDNO1**, not the PRELIMINARY LOADSHEET to the Gate.

After boarding finish, if there is a changes which is out of LMC limit.
You must perform the LOADSHEET EDNO2 and send to the Gate printer.

The maximum allowed combination of mass changes acceptable as a **Last Minute Change for A320 aircraft is 500 kg or 5 passengers with their baggage, for A321 aircraft is 800 kg or 8 passengers.**

In case of total LMC mass or quantity exceeds these limitations a new Loadsheet shall be issued
