Topic: Safety Incidents and Near Misses at HAM Airport

Dear HAM team,

a quick reminder how you can report safety incidents or near misses to HAM airport:

1. At the security check points are mail boxes, where you can drop in paper reports
2. Alternatively, you can use the email address safety@ham.airport.de

Please also remember that you can report to us at any time - anonymously - if you have any safety concerns, want to draw attention to something, etc. by using the safety culture bar code.

See something, say something! - HAM
