Topic: LFI Refugee / Alien Passports

Dear Team,

few days ago, we had a family travelling to AYT with Refugee / Alien Passports. Please be aware every country has this type of passports, and all looks different.

Please always double check the documents what are you holding and swiping. In this case it was mentioned in the system it is a Refugee Passport. We need to more concentrate on these type of passports as I am always warning you.

Refugee Passports **“alles muss bei euch klingeln”**. They need a VISA, if you are not sure always ask the team leader or the visa team.

INADS are expensive and getting me really angry.

Thanks!

Regards,

Aquil
