Topic: TRNC Entry and Turkiye Transit Visa Requirements

Dear Partners,

Below is an example of the **Transit Visa** issued to passengers traveling to the Turkish Republic of Northern Cyprus (TRNC) using Turkiye just as a transfer point. **This visa does not grant the right to enter the TRNC, even if it has the phrase "TRNC-Entry" on it.**

As you know, citizens of Nigeria, Syria and Armenia are subject to a visa for their travels to the TRNC and must have a valid visa issued by the TRNC. Examples of visas required for entry into the TRNC are attached. (Pictures on the next page)

Additionally, you can access the list of other country nationals who require a transit visa for Turkiye while traveling to the Turkish Republic of Northern Cyprus (TRNC) via Turkiye through the link below:
