## Topic: Information Regarding Egypt Visa

Dear Partners,

We would like to inform you of an important update regarding Syrian citizens traveling to Egypt. According to a new decision made by the Egyptian Government, Syrian nationals holding visas or residence permits from third countries such as Schengen, the United Kingdom (UK), or the United States of America (USA) will no longer be valid for Egypt visa applications.

Under this regulation, Syrian citizens must obtain a valid Egyptian visa or pre-approval to travel to Egypt.

In cases when you are not sure about the rule, please do not hesitate to contact @PEGASUSVISA or our WhatsApp support line.

Regards,

Aquil
