Topic: No More Lucky Passengers

Hi,

I just received the latest update from Pegasus, in the future there will be no more Lucky Passengers (FRBG) anymore. What we can provide, only for Wheelchair Passengers WCBG. Please double check the Cabin bags and the allowance be more carefully now. Even no Green Tags should be use. Yes, if you need to take cabin bags at the gate due to crew request only then you are allowed to use them.

If you have any questions regarding this, please let me know. Maybe it's just a test of them, if it's good, perfect otherwise we need to talk to them.

Thanks!

Regards,

Aquil
