## **Topic: Safekeeping of Passengers' Property**

Dear all,

Please be reminded, that we – under no circumstances – take personal items from passengers. That means, nothing shall be handed over to DHS at security check, or anywhere else.  
We can recommend passengers to either request a locker to store their items till they return, or walk back to the non-transit area and hand it over to a family member for example.

Thank you for your cooperation!

Gihan
