

## Topic: How To Wear Your Uniform?

Dear All

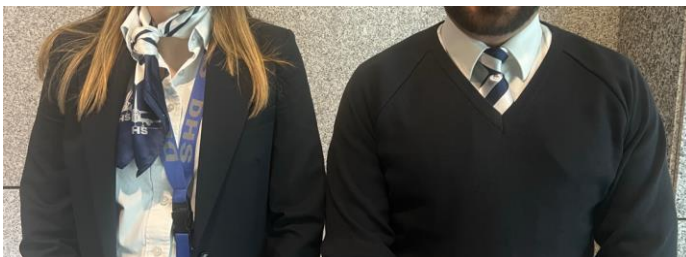

The scarves and ties have arrived, and effective immediately they are a mandatory part of the Passenger Services uniform.

If you haven't received your scarf/tie, please contact the supervisor during your next shift and pick it up from the office.

Please note, we only have enough to provide everyone with 1 piece, therefore please don't take more than one. Attention: they are made of silk, don't wash them with you normal cloths.

The ties are clip on ties, so you don't need to tie them, but an example of how to tie your scarf:

<https://youtube.com/shorts/cY8yFycPOME?feature=shared>

How your uniform should look like:

### Ladies

- Scarf
- Blouse + Waistcoat or Pullover
- Skirt or Trousers
- Black shoes

### Gents

- Tie
- Shirt + Waistcoat or Pullover
- Trousers
- Black shoes

Here I would like to highlight, that lanyards received from airlines (e.g. LOT, TUI or Turkish Airlines) can only be worn if you are working on that specific product. Wearing a Turkish Airlines lanyard on a Pegasus Airlines flight is a no go. If you are not working on that airline of which you have a lanyard, the DHS lanyard is to be worn. If you don't have a DHS lanyard, please contact Gihan.

Thank you!

Norbert
