### Topic: Update on Entry Requirements for Russian and Swedish Passport Holders

Dear Partners,

We have received an important update regarding travelers holding Russian and Swedish passports. Due to ongoing issues with electronic payment processing for Iraqi electronic visas, travelers from these countries will be accepted into Iraq without requiring an electronic visa at the present time.

For now, Russian and Swedish passport holders are able to travel to BSR and BGW without visa.

In cases when you are not sure about the rule, please do not hesitate to contact @PEGASUSVISA or our WhatsApp support line.

Regards,

Aquil
