### Topic: LFI Flying to Egypt visa on arrival

Dear Team,

A few days ago, we accepted a Syrian passport with a German residence card for a flight to HRG. For many nationalities, it is correct that if the passenger holds a German residence card valid for at least six months, they may obtain a visa on arrival.

However, this does not apply to all countries, and Egypt does not accept Syrian passport holders with just a German residence permit. This rule does not apply to Syrian passports. They need a visa for enter.

Please make sure to always double check such cases and when in doubt, consult us or our Pegasus Visa Team.

Thank you!

Regards,

Aquil
