Illegal Travel on HEL flights

Dear all,

There is a current trend of illegal travel, especially from Central Europe to Finland, with underaged Somali nationals travelling to HEL on forged documents or holding no documents at all. When they manage to board, they often end up as human trafficking victims at the destination, in some cases forced into committing crimes and illegal work for syndicates.

The Finnish Border Guard is seeking Finnair's help to identify these passengers, intercept them and contact the Finnish Border Guard's ILO.

Please kindly keep your eyes open for passengers fitting the description and to contact the ILO (ILO Border Guard Duty Manager in HEL (24/7): **+358 29 541 2660, saved on the phones**) before accepting the passenger on any AY-flight to HEL.

Thank you!
