

## Topic: TUI Lining

Dear All,

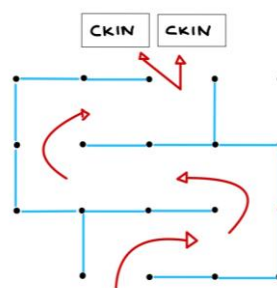

A brief reminder to ensure the proper lining is in place before commencing the Check-In process. Please be mindful of the counters adjacent to you and refrain from disturbing the lining belonging to other airlines during their check-in.

Additionally, please give special consideration to the lining at counters 957-958, as it poses a particular challenge. Refer to the attached picture for further clarification.

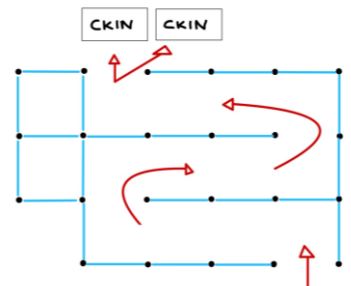

### Lining in general

### Check-In Counters 957 -958

OR

Thank you!
