

## Topic: Egypt entry requirements with German ID - cards

Dear All

We have received an update from TUI regarding entry requirements for Egypt with German ID cards. Like passports, ID cards need to be valid for at least 2 months.

For passengers using a German ID card, they must carry two printed passport pictures. If they forget to bring those pictures, they can have them taken at the airport. Please ensure to check this during the check-in and tell them where to take the pictures in the airport. If passengers arrive at the gate without the pictures, they are still allowed to travel to Egypt and obtain them upon arrival.

Thank you!

Laura
