

26FEB2024

Dear All,

after a fantastic and substantial growth during the last year, I am happy to inform you that this growth is ongoing and we have been awarded with contracts for TUIfly in FRA and Pegasus in MUC.

Today, I have some exciting news for you: most of you will have heard about the CLA (Branchentarifvertrag) which will be in effect starting 01 JUL24. All salaries will increase significantly – starting with 16,51€/h for those without Airside ID and 17,00€ for those with an ID. Annual leave will increase by 3 – 6 days per year and there is a 100% coverage of net salary for up to 26 weeks during sickness.

There are more details in the CLA, especially for other job roles and experience, but we have not yet received the official document. I will keep you updated as soon as we know more.

Together, I am confident we will not only meet but surpass our goals. Thank you for your unwavering dedication and hard work.

Best regards,

*Ingo Schnitzger*
