Topic: LFI via two transits in TUR

Dear all,

Recently we had 2 preventing INAD. The two passengers had to a flight to IKA at the end, but they booked the ticket HAM-SAW-ESB-IKA and was holding a passport of Afghanistan. For IKA they had a visa, now the problem, due to flying 2 times transit in TUR the passengers also need a visa for TURKEY, they need to enter and cross the immigration for the domestic flight.

Please check proper which passports are having which transits. If there is a transit with 2 TUR flights, then the passenger needs to have all documents for TURKEY.

As I am telling you always, if you have any questions, please always ask us or the visa team.

Thanks!

Regards,

Aquil

DOMESTIC CONNECTION FLIGHTS!

- If passengers have connection flight in Turkey, they have to enter first destination border.
- Passengers who have a reservation to the last destination with same flight number after SAW, no need to require to enter Turkey.
- Reservation with **different flight numbers** to the last destination after SAW, passengers need to enter first to Turkey.
