Topic: Travels of Refugee Passports to Turkiye

Dear Partners,

In recent times, many passengers with refugee passports have been refused entry to Turkiye due to the lack of an entry visa.

For this reason, we would like to remind you about the entry rules of refugee passports into Turkiye.

- Passports with **CONVENTION 1951, CONVENTION 1954, ALIENS, TRAVEL DOCUMENT, TITRE DE VOYAGE, SUBSIDIARY PROTECTION** on the cover are not normal/ordinary passports.
- In order to understand the type of passport, these phrases on the cover of the passport must be checked.
- Refugee passports mean that the passport holder has that passport as a result of their asylum request and there is **absolutely no right to travel to Turkiye without a visa**.
- **Refugee passport holders need a consular visa or a Turkish residence permit to travel to Turkiye. Passengers who do not have a Turkish residence card or consular visa should not be accepted to Turkiye flights.**
- As long as you add the passport information correctly into the system at check-in, TIMATIC response for refugee passports traveling to Turkiye will always be **“NO”**. If you received NO as a response from TIMATIC, do not proceed check-in and check passport type.
- If the passport type is **CONVENTION 1951, CONVENTION 1954, ALIENS, TRAVEL DOCUMENT, TITRE DE VOYAGE, SUBSIDIARY PROTECTION** and the passenger does not have a valid visa, do not accept flights to Turkiye and please contact to [@PEGASUSVISA](https://www.pegasusvisa.com).

We request your cooperation and attention on the subject.
