

Topic: About HRG and SSH Flights

Dear Colleagues,

For SSH and HRG flights, we would like to inform you about an arrangement made on the system regarding the TIMATIC response.

As you know, passports of the Republic of Turkey can travel to Egypt (HRG - SSH) without a visa. However, in order for our Turkish passport holders to travel to Egypt without a visa, their place of birth or original nationality must not be Egypt.

You are requested to show the necessary sensitivity on the subject.
