

Topic: Travel Document and Entry Requirements for Turkey

Dear all,

See the below presentations provided by Pegasus Airlines.

Please read through them carefully to ensure that you fully understand.

Failure to verify travel documents for international travel is an offence under international aviation authorities. These offences come with steep fines imposed by the governing authority. Because of these large penalties, the person or persons involved may be subject to an internal DHS investigation and review.

As always, do not accept passengers to any destination until you are certain they will be allowed entry. If you are less than 100% sure about a passenger's entry eligibility, contact the visa team or your supervisor for assistance.
