

## Topic: Do Not Through Check Luggage via Train in FCO

Dear supervisors and lead agents,

With ITA Airway's Intermodality Project – FCO Connect passenger baggage must not be through checked beyond FCO when their final destination will be reached via train.

When editing flights please check the outbound connections for anyone connecting via train and add a next time comment that their luggage should only be checked to FCO.

The list of connecting train stations can be found below and also printed in the office.

ITALIA - ITALY		
Da/From	A/To	CITTA'/CITY
FCO	BAU	BARI CENTRALE
FCO	BQD	BRINDISI
FCO	FOI	FOGGIA

FCO	TPY	TORINO PORTA NUOVA
FCO	QLP	LA SPEZZIA CENTRALE
FCO	GEP	GENOVA BRIGNOLE
FCO	GPP	GENOVA PIAZZA PRINCIPALE

### 7) INTERMODAL ITINERARIES ARRIVING AT FCO and connecting to trains

For passengers arriving at FCO airport by air and continuing by Trenitalia Alta Velocità Freccia Rossa or Freccia Argento procedure requires that baggage is always tagged only to FCO and transferred by the customer on his/her own to the station. Therefore, although 9B connections should not appear in the PNRs of Intermodal Customers, check-in operators of network stations should always make sure that the baggage is tagged only to FCO.
